OKLAHOMA BULLETIN NO. OK360-3-14

SUBJECT: PER – Environmental Quality Incentives Program (EQIP) Update and Training

Purpose: To inform all field personnel of scheduled training for EQIP for FY 2003 implementation activities.

Expiration Date: September 30, 2003

An interactive training session has been scheduled for Tuesday, June 3, 2003, from 1:00pm to 4:00pm to review implementation requirements and changes for the EQIP. The training will be conducted utilizing interactive television and distance learning technology. This method of interactive training is being evaluated as a potential training tool that will reduce travel time and costs for statewide type training initiatives. You will be provided training materials via email prior to the meeting.

The meeting location, room numbers, and assignments are shown for each team and training location. The assigned program liaison, or EQIP team contact should call the training site contact and confirm the location no later than Monday, June 2, 2003. If the program liaisons or EQIP team contacts have any questions regarding the training site, please contact Larry Wright, RC&D Coordinator, at (580) 832-3661 x104.

The delay in this notification was due to coordinating site arrangements and testing the video and audio equipment for quality. It is recognized that some offices will have scheduled training, board meetings, or other activities that conflict with this training. Individuals unable to attend can work with their program liaison, team contact, or the state programs staff to review the training. Each district conservationist should determine the attendees from their office with consideration for communicating the training information to the field office staff or team members that are unable to attend.

/s/ Kevin D. Norton, Acting For

M. DARREL DOMINICK
State Conservationist
